Head of Programmes Advisory Practice

Head of G5 Programmes Advisory Practice

Few individuals can claim to have as much insight and experience in the field of private education as Mr. Edwin Hawkes. Following significant success as a tutor, academic director and business specialist, he founded G5 Education with Partner Teddy Rosenberg – the Global Leaders in British Education for International Clients.

Edwin has worked in education for over 25 years. Having graduated from Oxford University with a Degree History and Politics, he went on to earn his teaching qualification from the University of York, specialising in Physics and Mathematics. Since beginning his professional life as a Science teacher and tutor, Edwin has had a diverse and distinguished career in education. Past roles include Course Director for a residential English language summer school and Project Manager of Netcradle – an eLearning platform that developed Literacy and Numeracy materials for young learners. Edwin now works as an independent education consultant and the Director of Tutors International.

Founded over fifteen years ago, G5 Education has a well-established history of excellence in education. As an International educator and education programme manager, Edwin's specialist field is making the best of British education accessible to international clients. As Head of G5 Programmes Advisory Programme Edwin has responsibility for the creation and implementation of all G5 Education's Programmes, both for internal and external stakeholders. Edwin's remit was to ensure consistent excellence across all of the organisation's offerings, through a deep commitment to a culture of continuous improvement and quality control.

Edwin Hawkes remains an influential voice in education, frequently speaking and writing on current issues. He is a sought-after panellist for international education conferences, has discussed the global private tuition industry on national television in China, Hong Kong.

Edwin would like to welcome you sincerely, our prospective clients, to G5 Education and our exclusive suite of Elite Education Programmes. We look forward to assisting you with any enquiry you may have.

OUR HISTORY

G5 Education are global leaders in British education for international clients. Each year, many university and school students and their families rely on our expertise and experience in this area. Our highly qualified professionals work together to provide our clients with the very best education solutions.

GLOBAL LEADERS IN BRITISH EDUCATION

Our concept of providing British education solutions has been developed by G5 Education over the last decade. British education has become a topic of significant interest amongst the increasing number of internationally-mobile students and their families whom we proudly serve every day. While our origins and international work date back to 2013, G5 Education as it is today was formed in 2017 through the combination of an immigration advisory service and an international tutoring company. Today our company is focused on tutoring and admissions services and operates in the United Kingdom, the European Union, across Asia and in the U.S. We also have programmes through our partners running in countries that can provide stepping-stone access to schools and universities in the U.K. As well as our bespoke admissions programmes, we provide a range of educational services that are essential to support students and place them at the very best British schools and universities.

SUI GENERIS

Sui Generis is Latin, means literally, "of its own kind." Anything sui generis is its own thing; there's nothing else like it. We genuinely believe at G5 Education that the programmes we offer to our clients are of their own kind. They are unique. G5 clients will find no other comprehensive elite education programme to compare.

OUR ACADEMY OF DISTINCTIVE TUTORS

Here's why, ***Our Academy of Distinguished Tutors***. G5 Education is a global leader in the education sector, renowned for its distinguished team of tutors who are experts in their fields and deeply passionate about teaching. Our tutors include seasoned professionals and recent graduates from top universities, particularly Oxford, Cambridge, and other leading UK institutions. They are selected not only for their academic excellence but also for their empathy, dedication, and genuine love for guiding students. This combination of expertise and passion ensures that students receive the highest level of educational support. A key advantage of G5's extensive online clientele is our ability to keep outstanding tutors on our books and work with them regularly over many years. This continuity maintains a stable and trusted network of world-class educators, unlike agencies that recruit on an ad hoc basis, often hiring unfamiliar tutors. Our model fosters long-term relationships, ensuring consistency and quality through referrals within our network. This approach creates a unique, close-knit community of tutors dedicated to delivering exceptional educational outcomes and upholding the high standards that define G5's services.

“The highest education is that which does not merely give us information, but makes our life in harmony with all existence.”

G5 PROGRAMMES

Our five-tier, best-in-class programme process is regarded as the benchmark for best practice in private international elite education for our clients from around the world. Designed by G5 Education, it is a stage-gate, iterative, and thorough process, combining standard know-your-client, enhanced quality assurance, and a full range of comprehensive assessment tools, and is widely sought by international clients to be applied to each individual's programme requirements.

G5 Education offers much more than just a full-time, in-person tutor; our comprehensive programmes are designed to provide a holistic educational experience tailored to each student's needs. Each student is paired with a primary tutor who plays a dual role: not only as an expert educationalist in their specialised subjects, such as English, maths, or sciences, but also as a mentor and coordinator for other subjects. This tutor leads the overall academic journey, providing expert instruction in their specialist areas while ensuring that the learning experience is coordinated and seamless through close collaboration with other subject specialists.

This collaborative approach allows the primary tutor to coordinate effectively with other subject specialists, reflecting the structure seen at leading institutions such as Oxford and Cambridge, where teaching models are built on collaboration and expertise. By combining the strengths of multiple subject experts, G5 ensures that students receive the highest level of specialised support in each area, enhancing their educational journey beyond the classroom. The result is a personalised and comprehensive education programme that addresses every aspect of a student's learning needs, both in and out of the classroom.

THE PROOF

G5 Tutorial Academy

One of the key ways we deliver educational excellence is through our unmatched academic support across all levels, underpinned by G5's faculty of teachers from top schools like Harrow, Eton, and Wycombe Abbey, and over 50% of our tutors holding Oxbridge degrees.

**"G5 EDUCATION,
QUITE SIMPLY
THE BEST..."**

Our tutors have consistently helped students gain places at highly selective institutions such as Oxford, Cambridge, Eton, Westminster, and Wycombe Abbey. Many of our tutors also have a distinguished record of results from teaching in the world's top schools and universities, demonstrating their deep understanding of high academic standards.

This exceptional track record underscores G5's commitment to providing the highest level of educational support, ensuring that every student has the opportunity to reach their full potential.

“Education is the most powerful
weapon which you can use to change
the world.”
